Description:

Eusoff Hall Dance and Drama Production is an annual performance organized by our very own Eusoff Hall student body. The production weaves together dance and drama to tell a story and is a platform for all Eusoffians, current and graduated, to explore and learn dance of different genres and styles, and to challenge one's comfort zone as an actor. The largest cultural event of the year encourages the fostering of camaraderie and lasting friendships across batches while ensuring excellence in our performance. No prior experience is required to be part of the production as EHDP has always been a safe space for Eusoffians to try out something new. We are proud to have presented many successful performances, touched many lives and formed irreplaceable bonds over the years.

IMPORTANT MATTERS

1. CCA Points

Every CCA has a total of only 70% of the total possible points that all its members can receive. For illustration: A Committee has 15 members, and the maximum points a member can possibly receive is 10. Hence the total possible points that CCA has is $15 \times 10 = 150$ Points. The CCA Head can only distribute $150 \times 70\% = 105$ Points to all its members.

2. Bonus Points

Points are also given to residents for commendation. Points are awarded subject to discretion of the JCRC.

Dean's Listers in Semester 1 will receive 8 points to commend their academic excellence.

Leadership points are given to residents who stepped up to a leadership role in their respective group.

Merit points are given to outstanding members whose performance exceed the basic obligations of the CCA.

Merit points that may be awarded are:

Committee Size	Points
1 to 6	Either 1 point for two members each or 2 points for one member.
7 to 15	Either 2 points for one member and 1 point for another member or 1 point for 3 members each
16 to 25	2 points for two members and 1 point for two members
above 25	Top 10% 2 points each Next 10% 1 point each

CCA Heads are to consult the JCRC ex officio when awarding Merit Points. Other Merit points may be awarded to outstanding leaders deemed by the JCRC

Ex-Officio, which shall not exceed 10% of the leaders in Eusoff Hall. Members may give demerit points as penalties for unsatisfactory performance.

3. External CCA Points

Participation in NUS CCAs will be taken into account towards the resident's total CCA points in hall. However, external CCA points he receives is cap at 25% of his total hall points.

External CCAs refer to University Student Groups that are registered with the Office of Student Affairs (OSA). Only groups approved by OSA are recognised for the purpose of awarding CCA Points. External CCA points will generally mirror the points of their equivalent CCA in hall.

Residents have to submit an endorsement form for their external CCA points to be counted towards their total CCA points in hall, subjected to the discretion of the JCRC.

To illustrate two scenarios:

a) Student A Has 50 Hall Points. His NUS External CCA is worth 10 points in Hall. $50 \text{ Hall Points} \times 25\% = 12.5 \approx 12$. His External CCA therefore is worth 10 Hall Points. His total Hall Points = $50 + 10 = 60$

b) Student B Has 30 Hall Points. His NUS External CCA is worth 10 points in Hall. $30 \text{ Hall Points} \times 25\% = 7.5 \approx 7$. His External CCA therefore is worth 7 Hall Points (round down). His total Hall Points = $30 + 7 = 37$

4. Residents Going/Returning from Exchange

Residents, who are only able to stay in Hall for one semester within one Academic Year due to involvement in Student Exchange Programme or NUS Overseas College, will have their points for that semester doubled, up to the maximum points the CCA would be able to offer.

5. Monitoring of Points System

Points will be reviewed once every academic year, during the Annual General Meeting. There will be a mid-term review to determine if the points awarded per CCA are sufficient, and will take place at the end of semester 1. A Points Defence session will be held towards the end of the academic year. Committee Heads will have to submit the point allocation of their members to the respective JCRC Ex-Officio by the stipulated date given to them, FAILURE OF WHICH ALL POINTS MAY BE FORFEITED FOR THAT CCA.

6. Master's List

A resident must fulfill the following requirements to be eligible for a Master's List spot :

A. Join a minimum of two CCAs, both of which must not be under the same branch
e.g. if person A is in a sport, to be considered, his or her other CCA cannot be a sport.

B. To have a minimum of 16 points.

C. Students who only stayed in Semester 2 have to join at least one CCA.

D. No demerit points accumulated in the year.

* National Team players who apply for the Master's List are only subjected to point D.
